## BRITISH SAILORS RELIEF

A Letter Received by His Worship Mayor H. P. Kelsohn, Which Fully Explains Itself

Dear Sir,  
Your Worship—  
At an informal meeting of representative Canadians held early in July last, the above Fund was organized for the relief of wounded and disabled sailors of the Royal Navy and Mercantile Marine, and the widows and orphans of British sailors who have lost their lives in the performance of their duty since the war began.

Mr. Royal Highness, the Duke of Connaught, is patron of the Fund, and the Right Hon. Sir R. L. Borden, Prime Minister, and the Hon. J. C. Macdonald, Minister of Marine and Fisheries, are Honorary Presidents.

The Fund is established to express the appreciation of Canada for the great service which the British sailors are doing for the Empire—in the only way possible at the present time, viz., the donation of money for the purpose of caring for the wounded and disabled sailors and their families.

Upon donating the objects of the Fund to Toronto in July last, the objects of the Fund were outlined. The Lord Comptroller of the British Admiralty has undertaken to distribute the portion of the Fund to be allotted to the Royal Navy.

Local committees have since the middle of July been organized in all the provinces of the Dominion, with the exception of Ontario, (for the reason of the Dominion Committee), to establish committees in Ontario, until the last of October.

Local committees have since the middle of July been organized in all the provinces of the Dominion, with the exception of Ontario, (for the reason of the Dominion Committee), to establish committees in Ontario, until the last of October.

The General Committee would appreciate very much, in conjunction with the Board of Trade, Canadian Club, Daughters of the Empire, and Council of Women, and other public bodies, in all of whom I have written you, and with their cooperation, to hold a public meeting for the purpose of raising funds for the relief of the wounded and disabled sailors and their families.

Years faithfully  
(Signed) W. O. Ross  
His Worship, H. P. Kelsohn, Esq., Mayor

Note—A meeting will be held at the lecture room of the Academy, Tuesday afternoon, (Oct. 23) at 3 o'clock, to which all ladies and gentlemen are invited.

## One Attempts Raids on City of London From Two Points—Finally Brought To Earth in Flames—British Airships Prevent Casualties

London, Oct. 3.—A late afternoon raid of the Zeppelin raiders, from the east, took place last night between ten and midnight. One approached north of London about five o'clock, but was driven off by gunfire and pursued by aeroplanes.

The attempted raid returned from the north and was attacked by guns and aeroplanes, and brought down by the neighborhood of Potter's Bar shortly before midnight. The second airship attempted to crash land from the northeast and was driven off.

Bombs were dropped, but no fire of a German or casualty is reported. The incendiary bombs were scattered over the eastern counties. In Lincolnshire bombs were dropped from the airship, but no fire was reported. The airship destroyed was of the latest type.

Liberal Majority In The Senate Nearly Gone  
The Government Likely To Fill Twelve Vacancies Before Next Session

With the death of another Liberal Senator, Hon. John Cordogan, (today), liberal majority in the Senate was practically wiped out. There are now twelve vacancies in the Senate, and it is understood that the Government will fill these vacancies before the next session of Parliament.

The standing of the Liberals in the House of Commons, even providing no further support for the Government, is a serious matter. The Government is now in a position to lose the support of the Liberals, and the Government is now in a position to lose the support of the Liberals.

Needless to say, there is a great feeling of anxiety in the Government. The Government is now in a position to lose the support of the Liberals, and the Government is now in a position to lose the support of the Liberals.

# MUSIC AND DRAMA

## THE BOHEMIAN GIRL

HIGHLY APPRECIATED

While this splendid opera has been before the public for many years the first warm breath has yet to be felt in its production. It is still among the prettiest of melodramas, and the series of choruses and songs presented to the large audience at Griffin's Opera last night received round after round of applause. Then, too, the setting was of a much nature that captured every one present. Few companies coming this year have made more than two really expert vocalists, yet in "The Bohemian Girl" there is a concentration rarely equalled in choruses, quartets, trio and solo.

In Miss Juliette Wells as Arline, "The Bohemian Girl" the company possessed a natural star, her dramatic, sweet mannerisms captivated the audience, the exquisite lyrics to her, perfect in enunciation, proving one of the pleasing features of the production, and filled with distinction the character of Griffin's Girl, who has long held the place of a nobleman. Her work with Harold Blake as Thelma, a powerful Polish noble, had under the music of Zyrry, a pure tone of unusual range was that of a rare nature, and it was this quality that the company was especially strong. In regard to the music all that is necessary is to say that "The Bohemian Girl" is a masterpiece. "The Heart Bowed Down" and "The Two Girls" combine back from memory these beautiful old songs, the fine contralto of Miss Juliette Wells as "Queen of the Gypsies" does much to help.

Particularly credit must be given to the musical accompaniment, a group of men and women, who are past masters of the keyboard art. They drew an applause that has never been equalled in exercises here.

Last night's presentation was one of the many masterpieces seen by "The Bohemian Girl," and their presence.

It ran for one solid year in New York, played for six months in London, while every year in the theatres of America, South Africa and Japan. "Twin Beds" earned its way international fame by being made, it was done, and it has been continually successful. It has been a triumph, and last, it has been a triumph. ### Great Iron Ore Discovery Made

#### Immense Deposits Found on East Coast of Japan—Of Finest Quality

TORONTO, Oct. 5.—Special—News of what is claimed to be one of the greatest discoveries of iron ore, came to town yesterday. The location is on the east coast of Japan Bay and the uncharted islands. Analysis shows phosphorus to be present in quantities of less than one-thousandth of one per cent, which in many degrees is better than that from Great Britain's iron mines. The big strike was made by Ruddy A. Gemmell, of Toronto, who, with Eugene L. Smith, of St. Louis, and Stewart Dasher, made the long haul by a motor launch, and landed at the island by a rough trip across Japan Bay in a fishing smack. It was a night watcher's journey, and they spent twenty days on the island prospecting and making their claims. Four thousand acres of almost continuous iron ore deposits in what some have stated out. They found a layer of solid iron ore which they called "iron ore" and it was found to be ranging from 40 to 60 feet in thickness. It is 60 percent metallic iron and all grades below 1 per cent. In phosphorus. The ground was staked July 31 this year.

### Women Succeed as Munition Workers

#### Some in Canada are Earning \$4 a Day on Piece Work

OTTAWA, Oct. 4.—Hon. T. W. Crothers has returned to Ottawa after a visit to Toronto and an investigation into the employment of women in munition factories. He found a Montreal in a day or two to conduct a similar inquiry there. The Minister of Labor promises the employment of women to be a decided success. Women are being offered themselves to be well adapted to the more delicate work of munition manufacturing, such as for example as the making of fuses and parts which require very careful handling. Some of the women have volunteered and some 1,200 to 1,500 are being employed, all of whom are now time occupied on up-keep of fourteen and other munition factories. The employment of many women has been going into the industry as they came from their former employment. They are being paid 25 a day and some earn as high as \$4 a day on piece work after they have become proficient.

Prorities was held at the Parliament Building, Toronto, today, at which the proposal was unanimously approved by a vote of 15 to 1, that each society should undertake to collect subscriptions from its members, returning to Clarence B. Harris, the new manager, Dominion Bank, Toronto, who was appointed Honorary Treasurer.

In order to give every woman in the Province an opportunity to participate in the most praiseworthy object sums of money from women not connected with any contributing society may be sent direct to the Honorary Treasurer, or deposited with the local bank or Post Office.

Should we conditions arise on account of which the whole amount of this supplementary contribution should not be required for the relief of fire-victims of 1910, it is understood that the local fire-victims should be first to apply such surplus as may remain to the benefit of Canadian sailors.

The subscription will be closed on the 13th of October next.

Mrs. Arthur T. H. Thompson, 23 College Street, Toronto, was appointed Hon. Sec. and all correspondence, but not subscription, should be sent to her.

The good accomplished by this fund has been testified and I feel sure this appeal to the women of Canada will receive a cordial and prompt response.

Yours very sincerely, LENA M. HENDRIE.

## MELANCHOLIC WOMAN COMMITTED SUICIDE

TORONTO, Oct. 4.—Mrs. Sarah Cohen, aged 24 years, yesterday committed suicide by hanging herself from a bed post in her bedroom at 247 Markham Street. Her body was discovered by a relative, Harry Cohen, who had come to visit her. The woman had been suffering from melancholia for some time past and left a note saying that she intended to take her life and directing that in her personal effects be divided between her two children, aged three years and six months respectively. The body was removed to the morgue where the coroner disposed of the case as a case of suicide.

## LITERARY NOTES

### ROD AND GUN

"In 'The Outlaw' in the Magazine number of 'Rod and Gun' Macintosh which is now in the marketplace, H. C. Haddon gives some intimate details in the life of a family of wolves, from the birth of the cubs up till the time when one of their number became a famous hunter and a destroyer of cattle on the ranch of a Western farmer. In 'A Bull of Triple Cross' A. Ray Giddings gives a dramatic account of a fight between two bull hounds, the human element being supplied by the two trappers and a woman, the wife of one of the trappers, without the encounter between the two rival bulls and one of whom he narrowly escaped from death. The latter, the Saxon, King of the 'Trail of the Wounded Bull Hound, A Story of Rags and Skins, and other articles besides the regular departments, constitute an interesting reading for the sportsman whose thoughts at this time of the year are turned to the opening of the big game season. W. J. Taylor, Limited, Woodstock, Ont., are publishers of this representative Canadian publication.

## DEVICE MAKES BODY PHOTOGRAPH ITSELF

By British Discovery Internal Organs are Pictured in Way Not Possible with X-ray

The British Medical Journal announces that a remarkable scientific discovery is now on trial at one of the casualty clearing stations in France.

The new discovery says the Journal appears to succeed just where X-ray photography fails. It takes up the tasks of producing pictures of structures, hidden far below the surface of the body just at the point where the X-ray photography ceases to perform it effectively. In other words the new work attempts a delineation not of dense structures such as bone, but of the living organs.

By means of this discovery it is possible in broad daylight to obtain detailed pictures of any organ or body, brain, liver, kidney, and spleen, and to see at a glance by what gross lesion they are affected. Thus it is possible to see blood vessels in the brain, to observe a blood clot on the brain, to detect abscesses in the liver, and wounds or cracks in any organ. In no case excitation of the apparatus was even clearly when the picture was complete.

The miracle is achieved by utilizing the currents of electricity which the body is believed to contain. Two electrodes, each ending in a perforated wire screen, are perforated in the ordinary way, but are placed in contact with the patient's body. One screen stands on a pedestal in a vertical position near the patient's body. The other is held horizontally at right angles to the first one. In this way any electricity which enters from the first screen is always at right angles to that of the second.

For present it is placed with the patient to be examined, one wire is placed on the neck and the other on the foot, but at a distance of 12 to 15 inches. The current is turned on. Then the first screen is moved up, the current from the patient's own body is released.

"The inventor" says the British Medical Journal, "believes the results to be primarily due to the fact that the electric current between the two after giving electric shock to the body, and at a positive point where they meet, that electric field, whose fields they transmit, have in this released

and can be converted into dynamic power."

"The direct field is made to operate a sensitive needle which works upon a revolving cylinder carrying a waxed paper. The so-called hammer needle moves across the cylinder tapping out little holes in the wax, and when later the wax is cut by a light a diagram is seen which precisely resembles the outline of the living tissues, lying vertically below the second screen.

This diagram can be converted into an ordinary photograph by projecting it familiar in the applied arts. The actual finished photographs are remarkable and show blood vessels in the brain in detail, also wounds, but at the actual brain substance. In other words differences such as the deceased organs are shown.

The apparatus has to be especially fitted for each organ. Thus the electricity force, residing in the blood, is very small, so when blood vessels are to be delineated the alterations must be very rapid. Contrariwise, where the electric force residing in the liver muscles is great the alterations must be slow when the heart is to be delineated.

An advantage of this is that when blood or pus occurs in areas where it should not be shown at once on the picture as a blur. It is not delineated, and no its presence is made evident. The apparatus works as long as the body is alive and even until molecular death has occurred. After that it does not work.

The inventor is James Shawer, aged 27, a recent in the Medical Corps and working at the casualty clearing station. He is a Scotchman, but received his education in America where he was graduated as an M. B. and B. S. at the University of Washington. He has no commission as the medical doctor. He holds in fact no professional position in Great Britain.

Applied at Local Boarding House For Night's Lodging, and Departed With Considerable Booty

On Wednesday evening a stranger applied at a Patrick McMillan boarding house on Dundas street, for a night's lodging, and was granted same. After he had left yesterday morning it was discovered he had helped himself to a suit of clothes, the property of a boarder, and in a pocket of white was \$10 in bills. The affair was reported to the police, who are making every effort to locate the stranger's much thief. He was a comparatively young man.

## BERLIN CHEERS U-SOAT PLAY

Sinking of an American Liner the Big Scene in "Bluejackets."

"Bluejackets," a war play dealing with the fate of a German submarine is the most popular of the season's productions in Berlin, according to reports in the London press upon reviews of the play appearing in Berlin newspapers.

The climax of "Bluejackets" is the sinking of an American passenger liner at night by a U-boat. While the orchestra roars in tones illustrative of panic, passengers, including women and children, crowd to the deck. Presently an infuriated submarine commander clamors on board and bids the passengers' corpse themselves and take to the lifeboats. After this the stage is darkened, and then the vessel, with the stars and stripes drooping at the stern, plunges to the bottom, the victim of a remorseless German torpedo.

bottom, the victim of a remorseless German torpedo. Before this is done the audience learns that the U-boat is compelled to drop at the stern, plunges to the ship because it is loaded with munitions for the Allies. "Bluejackets" is hardly designed to shed fresh lustre on the German drama. It's got a tumultuous reception at its first production on September 1, but one of two critics say that the plot.

Answer Your Telephone Promptly.

A practice that will do much to improve the quality of your service is that of answering your telephone promptly. Promptness in answering is a courtesy that your telephone caller appreciates—delay may cause him to abandon the call and turn to a competitor who realizes the importance of a prompt response when the bell rings. Prompt service over your store telephone is a welcome evidence to your customer that you and your staff are alert— anxious to serve. Why not make it an invariable rule to answer your telephone promptly?

**How You May Reduce Your Weight**

Overindulgence is a very unwholesome condition, especially in the present day, when slender figures are so fashionable, and every reader of this paper has noticed the tendency of some people to put on an excessive amount of fat.  
 If you happen to be one of those who think it is more than it should be, don't try to starve yourself, and all you want, but go to your druggist and get out of bottles in capsule form and take one with each meal.  
 Oil of cod liver increases the oxygen-carrying power of the blood and dissolves the fatty classes, in many cases at nearly the rate of one lb. per day. Be sure to get oil of cod liver in capsule form. It is sold only in original sealed packages. Any good druggist has it, or a large also box will be sent on receipt of \$1.00 Postal note or money order. Address D. J. Little Drug Co., Box 130, Montreal, Can.

**NO PAPER**  
 Monday being Thanksgiving Day and a public holiday, the intelligence will not be published.

**REPORTED KILLED**  
 A report was current upon the streets today that Harold Butler of this city had been killed in action. He left here some months ago as a member of the 24th Battery.

**BRIDGE REPLANKED**  
 The replanking of the lower bridge was completed last evening, and traffic was resumed. Escal, White says.

extended the work, and an excellent quality of British Columbia fish boards was used for the covering.

**HIGH COURT OF JUSTICE**  
 On Tuesday next the jury sitting at the Supreme Court, fall session, will convene at Belleville before the Honorable Justice Gies. There are no criminal cases to be tried and the civil docket is light. The list of cases entered are as follows:

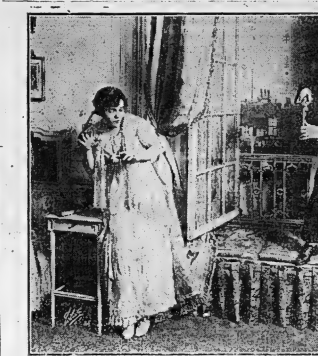

**JURY CASES**  
 Murray vs. Murray, W. C. Mihal, solicitor for plaintiff, W.D.M. Sherry, solicitor for defendant.  
 Washington vs. Hetherington, Northrop and Patton, solicitors for plaintiff, M. Wilkins, solicitor for defendant.

Revel vs. The Campbell-Lake Ontario and Western Ry. Porter and Carrow, solicitors for plaintiff, McMauchly and Seneel, solicitors for defendant.

Carroll vs. White, Porter and Carrow, solicitors for plaintiff, A. Abbott, solicitor for defendant.  
 Garret vs. Diamond, O'Flynn, Diamond and O'Flynn, solicitors for plaintiff, Porter and Carrow, solicitors for defendant.

**THANKFUL MOTHERS**

Thousands of thankful mothers throughout Canada—of their own children—speak with the greatest praise of the celebrated Little Baby's Own Tablets. Many mothers would have no other medicine for their little ones. Among these is Mrs. Albert Ott, 36, Huron street, who says, "I have been using Baby's Own Tablets for the past seven years and they have done my four children a world of good. I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

One of the many execrably funny scenes in "TWIN BEDS" which comes to Griffin's Opera House, Tuesday Night.

**RED ROSE TEA**  
 It is good for you

**NONJURY CASES**  
 Lavery, vs. The Corporation of the Town of Trenton, Porter and Carrow, solicitors for plaintiff, A. Abbott, solicitor for defendant.  
 Patton, vs. The Corporation of the City of Belleville, Porter and Carrow, solicitors for plaintiff, R. Mason, solicitor for defendant.

**ENTERTAINED VISITORS**  
 At the conclusion of the field day yesterday morning, held in connection with the

with the High School, the visiting boys and girls from Trenton, who came to Belleville to participate in the events and to witness them, were entertained in the Assembly Room of the High School. A luncheon was served which was thoroughly enjoyed and afterwards the evening was spent in social intercourse. Piano solos were given and vocal selections were rendered. The affair was most pleasing in every way.

**BROKE AN ARM**  
 George Sherry, the young son of Edward Sherry, of Canbyville village was last evening the victim of a painful accident. The fall was occasioned as he was truck the property of his father when the crank fork broke, striking him on the right arm, breaking both bones between the wrist and the elbow.

**NARROW ESCAPE**  
 What might have proved a very serious accident occurred yesterday morning when Mr. Harold Vanables, an employee of the Stirling Box Factory was caught in the shattering, and but for the quick work of others who were near, might have been seriously injured.

man. As it was his clothing was torn to ribbons, and he was considerably scraped about the shoulders.

**FOOD ECONOMY**

Every housewife knows the length of time it takes to prepare the most ordinary soup, the cost of fuel, ingredients, etc. But with a few vegetables, one or two Oxo Cubes, a little flour and water, a most excellent soup can be prepared in a few minutes at the cost only of a few cents.

So with entrées, savouries, sauces, invalid dishes, the Oxo Cube way is the quick, convenient, efficient way, and makes for economy every time.

Another point of great importance is the peculiar power of Oxo Cubes to increase the nutritive value of other dishes. For instance, Oxo and rice is much more nourishing than rice without Oxo. Hence when Oxo Cubes are used lighter meals can be indulged in.

Tins of 4, 10, 50 and 100 Cubes.

## BRITISH ASKS WAR CREDIT

## Sam Called For Amounts to One Billion, Five Hundred Million Dollars

**Canadian Press Special**  
**LONDON, Oct. 11.**—An official announcement says that the British troops have arrived within two miles of the city of Seres. The Bulgarians continue to withdraw on this front. On the Struma the British have captured Presnik, seven miles south of Demir, making a total of ten towns and villages captured since the beginning of the British advance in this region.

## Spicy Air Work By Allied Fliers

PARIS, Oct. 11.—Official announcement.—Yesterday bombs were dropped by enemy croplanes on Gerardmer and

zant. Firebells were dropped without any effect in the direction of that town by the enemy's long range artillery. In the course of yesterday, besides surveillance, reconnaissances and range regulating flights our aeroplanes fought fifteen engagements in Verdun region, fourteen south of the River Somme, and forty-four north of that river. In course of latter engagement four enemy submarines were brought down and six other enemy machines were seriously hit and fell into German lines.

## ROYAL PARTY GIVEN SENDOFF

**Canadian Press Special**  
**OTTAWA, Oct. 11.**—The Duke and Duchess of Connaught and Princess Patricia were given a rousing send-off at the station by the people of Ottawa today. The Prime Minister, Cabinet Ministers, Judge and other functionaries were present. The Duke reviewed his guard of honor from the Governor-General's Foot Guards, and after twenty minutes' handshakes the royal party boarded the train and waved their last farewell from the rear platform.

## BRITAIN BUYS WHEAT SUPPLY

Canadian Press-Special  
LONDON, Oct. 11.—Premier Asquith today has asked parliament for a new war credit of one billion five hundred million dollars, this makes a total since the beginning of the war of sixteen billion six hundred and sixty million dollars.

without Him was not anything made

that was made by the Lord God Almighty.

The heavens declare His glory, and

the earth sheweth His handiwork.

Angels and arch angels, and all the

celestial host render to Him adoration

and praise.

It is attributed to one who is always

the center.

He is ever present.

The sun, the moon, and the stars

follow Him.

He is beginning was the word, and

the word was with God.

We know Him as Father.

"Thou shalt call His name Jesus for

He shall save His people from

their sin."

It is the name, that is, called

"Wonderful counselor, mighty God,

everlasting Father, Prince of Peace."

The bath said: "The heavens are my

## **IN & ABOUT THE CITY**

**FAREWELL BANQUET**

The citizens of Picton, invited a farewell banquet to Col. Adams and other officers of the 16th Battalion, who are residents of that town. Four hundred sat down to a bountiful spread and speeches of a patriotic nature were given by many present.

**TAKE TRIP TO KINGSTON**

Many of our citizens are taking the excursion trip to Kingston tomorrow evening to attend the farewell to the 16th Battalion boys.

**LUNCHEONS FOR THE BOYS**

The ladies of Belleville, who are members of the Argyle Chapter, Imperial Order of the Daughters of the Empire, were today busily engaged in preparing lunches for shipment to Kingston. The boxes contain sandwiches and fruit, which will be supplied to members of the 16th Battalion while enroute from Kingston to Halifax. This thoughtful act on the part of the ladies will no doubt be much appreciated by the soldier boys who are going overseas.

**WOMAN ALL RUN DOWN**

ST. THOMAS, Ont., FATHER SHELLEY HOW CHILD WAS RESTORED TO HEALTH

We have always told the people of Belleville that Father S. is a wonderful boy holder for ailing children. He is more proof of the fact.

Robert J. Miller, of St. Thomas, Ontario, writes: "The medicine left my little daughter in a very weakened run down condition. She has a very poor appetite and was much below normal weight. On the advice of a friend I gave her Vinal and she has gained rapidly in weight and strength. I consider Vinal a valuable medicine for such conditions."

Vinal is especially efficient in building up poor, weak, ailing children, who have lost the beef and cod liver oil, and it is not without reason that it is recommended by all the best doctors in all countries.

Dr. J. C. McEwen, druggist, Belleville, who is the best druggist in all Ontario, says: "I can give you Vinal and it is guaranteed by Science Vinal Druggists."

**BOSTON CHAMPIONS**

**WIN OVER BROOKLYN, 4-1 SCORE**

Before the greatest crowd that ever witnessed a professional ball game, the Boston Red Sox annihilated their fourth World's Championship yesterday afternoon, in Braves Field, Boston.

A vast throng, numbering 65,000, witnessed the Red Sox beat the Brooklyn Dodgers, four to one in the fifth game of the 1918 title series.

It repeated the Sox fourth victory, and clinched the World Series. To Ernie Shore, the tall right-handed star of the Sox, went the honors of securing away the championship. He is the only pitcher to be credited with two victories in the series.

The last game did not measure up with the crowd. At least it was only a "colossal" in no place it was held.

The lineup—Brooklyn—Meyers, c.; Daubert, 1b.; Stengel, c.; Wheat, 1b.; Culberson, 2b.; Morrey, 3b.; Dixon, c.; Peffer, p.; Meyers, c.

Boston—Hogler, c.; Lewis, 1b.; Shotton, c.; Baker, 1b.; Lewis, 1b.; Gardner, 3b.; Best, 4b.; Shore, p.; Coffey, c.

Umpire—at plate, Connolly; first base, O'Day; foul line, Quigley and down.

## The Seven Churches

Evangelist Johnston Preaches The First of a Series of Most Interesting Biblical Subjects

A goodly crowd, as usual, assembled at the hall on Campbell Street, two doors west of the Y.M.C.A. to hear Evangelist Johnston present his interesting series on "The Seven Churches." Taking as his text, Rev. 1:7, he showed first of all that these seven churches were symbolic of seven periods in the history of the Christian church, beginning with Apostolic times and ending with the final completion of earth's great drama. The first church called "Ephesus," which means despicable as a fitting application to apply to the early Christian church, for in her name with the communion in Math. 26:28, the Apostles went forth to preach, and the day of Pentecost, and subsequent experiences are indeed a proof of the early triumph of the Gospel. Christ walking in the midst of the Candlesticks, Rev. 2:1, is a proof of Christ's presence among His people; for the Seven Candlesticks are declared in Chap. 1:20, to be the seven churches. But the presence of Christ is prominently on conditions in Rev. 19:18, and from this very Scripture we learn of two. First the disciples were to preach the Gospel, verse 18, and to teach the commandments of the law, verse 20, under two conditions that the Apostles teach both. He promises in the last clause of verse 20: "I, who am with you always." If therefore, Christian ministers teach the Gospel only, and leave out the commandments, they do not fulfill the divine commission. Mr. Johnston proved from the Bible that it was Jesus Christ, or God the son, who gave the ten precepts on Mount Sinai. Thus when the Lord said to us: "I will be with you," we must teach what he commanded us to teach, the ten commandments, and also whatever he commanded in addition, as found in the New Testament. The Evangelist showed the relation of the law in the Gospel. First he said the law defined the sin which the Gospel saves from sin. He said that because the early church preached these truths that the presence of Christ was with them, and as long as they followed the Bible they could tolerate anything false, as the text of the clause in Rev. 2:25. But in verse 4 the Lord said that later in their history they departed from their first love because they became in disobedience. He defined what love is in 1 John 3:23, and showed that those who depart from the commandments of the Lord lose their love. John 14:21. His interest was manifested among the many listeners, not only in the clear-cut presentation of the theme itself, but also in the usual enthusiasm of the speaker.

MARKS BRO. AT GRIFFIN'S TONIGHT AND ALL WEEK  
It will be a pleasure for the friends and acquaintances in this city to know that May A. Bell Marks, the people's favorite actress, will be here here at the head of the Marks Bros. No 1 Company for the stay of one week, commencing tonight, with the usual popular ladies' and children's matinees on Wednesday and Saturday. The name of R. W. Marks is a guarantee to everyone that they will witness plays that no other attractions can secure. For Mr. Marks is presenting this season a list of standard stage successes, for which presentation he has secured the sole Canadian rights under an agreement of large royalty to the authors, and an elaborate production will be given each play, as they are noted for their particular merit for paying special and strict attention to all the details of electrical effects and mountings, and this season the company is augmented by special talent which will be presented before the acts thus doing away with the tedious waits. Special attention has been given this coming vaudeville program, and the merit of their performance. It is said, will be a matter of town talk before the closing performance of this company here. The play selected for the opening performance tonight is "Barrett's Wife," brilliant stagepiece "Within the Law" which will be presented here for the first time at popular prices.

role of a spoiled baby. The many many experiences she is forced to undergo, and later still eventually wins the love of her husband goes to make one of the most unusual photoplays of the year. The Lasky Company has surrounded Miss Brown with a cast of unusual excellence, including, Thibault, Roberts, T. Forman, Jane Ward, Harlow, B. Carpenter, Lucille LaVerne, and others. Besides the short film part offering, the third chapter of the popular Felix Athletic series will be exhibited along with a new and very amusing "My Kooky Karion."

## WEDDING BELLS. COON-MILLS

A quiet but pleasing wedding took place on Wednesday, Oct. 11th at the home of Mr. and Mrs. Thos. Mills, Pleasant View, when their eldest daughter Eva Blanche was united in matrimony to Wilbur L. Coon, of 41st Concession of St. John's. The ceremony was conducted at 12:30 a.m. Mr. L. M. Sharpe, in the presence of the families and a few immediate friends of the contracting parties. The young couple were united and the simplicity of the event throughout was quiet in keeping, as the bride is well known for her admiration of grace and beauty in simple and natural lines, while the absence of the groom's only brother among the faithful grangers of the hymns could hardly be forgotten near under the wedding joys. After very warm congratulations had been tendered to the bride and groom, the usual singing of the wedding hymns, which was nicely served and much enjoyed. The bride was dressed in white silk and her going away costume was a suite of blue blue with hat to match. The happy couple left for an auto tour through Colborne, Ontario, London and Western Ontario. The presents to the bride were numerous and proved her popularity in her midst.

## FOUND MISSING TOY IN REFRIGERATOR

FREMA ERLIGHT, of the upper station was a very much worried individual last evening while searching for his little daughter in the neighborhood of his Chatham Street home. The child disappeared shortly after supper and when the calls of her mother failed to bring a response a search was instituted. Hopes were procured and an old well in the yard was dragged until every nook and corner was inspected. After a long hunt the child turned up. She had been sleeping in a refrigerator on the rear step. Asked why she got in there, the little one said: "I heard daddy say, he'd make me home in the house, so I just got in there and went to sleep."—Kingston Standard.

Now, kiddies, said Uncle Ben to little Ned and Polly Ann, I am going to tell—

## A DANISH LEGEND.

Once upon a time the daughter of one of the underground people, the Bergmen, was married to a smith who lived in her house.

Kirstin was a good and most patient wife, although her husband, the smith, was cross and surly and sometimes even beat her when he was in an ill humor.

Kirstin did not like this at all, and one day when he had taken up a rock intending to strike her she seized a great horseshoe which was lying on the floor and broke it in two without any difficulty.

The smith was astonished. "Are you that strong?" he asked. "Why, why have you never realized when I struck you?"

"Because I love you," said Kirstin. "It strikes you no more!" said the smith and he kept his word.

The people of the town, however, were so frightened by the Bergman's daughter and in spite of her desire to please, Kirstin was so afraid of her husband and would never even go to the church when he was there.

One day, as she and all the people were standing in the churchyard, waiting for the arrival of the minister, Kirstin said to her husband: "I have to go—my father is coming to see me, but he is angry."

As she went out her husband the Bergman appeared, and a most angry looking person he was. Indeed, he was so terrible to look at that the people would have liked to creep into the earth to avoid him.

"My dear daughter," said the Bergman, "I hear the people here will have caught up to her with you, so I have come to rescue that!"

"Now, father," replied Kirstin, "I'll see them go in the car, but I will not give up my car!"

"I'll catch," said Kirstin, for she feared the Bergman would handle the people very roughly.

There began a merry game. The Bergman stood on one side of the church, Kirstin, his daughter, on the other, and the Bergman tried all the people in turn over the roof of the church to Kirstin, who deftly caught them.

No one was injured, but every one was badly scared. But the more scared they were, for as Kirstin lived she was treated with the greatest respect and consideration.

There were several stockings, too, and said one and then they were stockings with old and peculiar designs. Then, too, regular stockings at the ankles. In color or black or white, is a prominent feature of the summer stockings. Colors are especially smart for wear with sport shoes, and they add to the effectiveness of low shoes worn with short skirts.

One black and white combination shows half foot stripes extending from the toe to the heel, ending there in snowflakes. Another shows a band of stockings about four inches across the foot.

One of the newer sorts of evening stockings show beaded embroidery. This is in line with the vogue for beaded embroidery and sequins and stones that is so strong for evening frocks.

Many of real lace, too, in the silk stockings are used for evening. And another evening line is in white silk stockings patterned with flowers to match a petal and leaf. This of course, is so unusual that it may almost be considered a freak. It is interesting and is mentioned for what it is worth.

## PUNISH TO EDUCATE.

Parents Should Never Act on Impulse of Moment.

Never punish a child on the impulse of the moment. The correcting of a little child is a very serious matter, and it can be thought over earnestly and if you are the kind that never even prattle. Always keep in mind that two punishments is not revenge, neither is it vindication nor retaliation—it is, or should be, nothing more or less than education. The time for punishment after you are unable to do anything to teach a youngster but one of the many, many because of it is made more.

Therefore it is extremely important that you do not punish a child when you are angry. In anger you will use those things he is most afraid of and you will be in a fair way to lose your own respect and the child's. See, if the punishment fits the fault and that it has within it the power to teach the difference between right and wrong is the particular instance under consideration.

## Coat Frock.

A frock made of white material dotted with blue spots and trimmed with blue ribbon is ideal for a summer afternoon.

# An Appeal From the Motherland TO THE PEOPLE OF ONTARIO

To SIR JOHN HENDRIE,

Lieutenant-Governor, Province of Ontario, Toronto.

I have the honor to inform you that the British Red Cross Society, and the Order of St. John, are once more proposing to appeal throughout the Empire, by street and other collections, upon "Our Day," which has been fixed for the nineteenth of October. The money received will be devoted to our wounded soldiers and sailors from Home and Overseas, at the war-torn seats of war.

The generous response which we received last year from all parts of the King's Dominions encourages us to hope that the constantly increasing demand for our help may be met by a corresponding increase of generosity throughout the Empire.

We shall be truly grateful to you if you will assist our work by organizing an appeal and sending the proceeds to us for our sick and wounded at the Front. I shall be greatly obliged if you will communicate the contents of this cablegram to your Ministers, and recommend the proposal to their favorable consideration. Their Majesties the King and Queen, and her Majesty, Queen Alexandra, are giving us their gracious patronage, and I trust you will also see your way to help us in the same splendid manner as you did last year.

(Signed), LANSDOWNE (Marquis of),  
President British Red Cross Society.

(Signed), PLYMOUTH (Earl of),  
Sub Prior of Order of St. John of Jerusalem.

# BRITISH RED CROSS

Red Cross needs increase as  
the Day of Victory draws

The whole Empire joins in Red  
Cross work this week

The following cable has just been received by His Honor the Lieutenant-Governor of Ontario, from Sir Robert Hudson, Chairman Finance Committee, British Red Cross:

"The urgent need of to-day is for money to carry on the general work of the Red Cross at all the battle-fronts. OUR WORK INCREASES DAILY, BOTH IN IMPORTANCE AND IN COST. Our expenditure is now five thousand pounds a day. Earnestly hope the Province of Ontario will help us this year with the same generosity as last year. HUDSON."

Last year we gave \$1,515,000—what will we give to-day?

Dare we give less when the need is greater? Whatever our own burdens may be, can we ignore the call of the British Red Cross, which but echoes the dire need of our defenders on all the battle-fronts on land and sea? These few cents or dollars you well can spare will be gratefully received and splendidly accounted for.

Give through the Treasurer of your Local Committee, or the Clerk of your Municipality, or Hon. T. W. McGarry, Treasurer British Red Cross Fund for Ontario, Parliament Buildings, Toronto.

### SUBMARINE OIL LINES.

How the Walls of Venezuela are Tapped for Tank Bunkers.

Many of the most productive oil wells in the state of Venezuela are situated near the port of Trinidad. From these districts from the Gulf of Venezuela water is so shallow that the few large oil derricks can be placed in the water. The oil companies find this a very large advantage, since the cost of the oil is less than that of the oil from the land. ### GIBRALTAR FOR FLORIDA.

England Once Offered Spain the Strait of Gibraltar.

You know that for everything there is a price. Now, in the case of Gibraltar, the price is a very high one. The British government has offered to sell Gibraltar to Spain for the sum of £100,000,000. This offer has been made in the hope that it will bring about a peace settlement between the British and the Spanish governments.

### STYLE TIPS.

One is Rewind of Black. Another is a Trimming.

Just one whisper today about the new mode for hair. Parting is no longer a thing to be feared. It is now a thing to be desired. The new mode is to have the hair parted in the middle, and then to have the sides of the head shaved. This is a very bold and daring move, and it is one that is sure to attract attention.

### FLORIAN ARISTOCRATS.

Orbids are Not Parallels, and it is a Trimming to Raise Them.

Anticropes of the more high-minded and probably the most understood. You hear them called parables, which is only one of the common mistakes made about the orbids. You see a hundred different shapes and a dozen different colors grouped together, each with a separate name.

### MUSIC FESTIVALS.

They Really Begin With the Great Handel's Works in London.

The great Handel festival in London is a very important one. It is a festival that is held every year, and it is one that is sure to attract attention. The festival is held in the city of London, and it is one that is sure to attract attention.

### Military Matters at Bellefield Heights

**WON'T TO SAY GOOD BYE**  
Officers in camp and those leaving for overseas have complained bitterly to The Standard with good cause, against the indifference of city officials when troops are leaving the city for overseas. The 156th and 157th battalions were permitted to leave the city on Saturday night, without a single city official being present to say good-bye. For every soldier who left, a clergyman was supplied by Rev. Father Ruddy to shake the hand of the soldier who have been in camp and city for five months which

time they have spent hundreds or thousands of dollars among the business men of the city. An officer said to The Standard yesterday: "Such indifference is cruel, and makes military men feel that the city does not deserve any consideration from the military authorities. In other cities officials are active from day troops come in to the day they go out. Bellefield's mayor came to Kingston on Saturday and brought an excursion party along, and he followed the Bellefield battalions as far as the train will carry the troops. If Kingston wants to be active in getting troops here, she must be a little more active in giving them a handshake when they come and go." This paper has been implored to bring this matter to public attention, more so, in the future will bring a change, and warm official blood to the point at least a little demonstration when troops are leaving after spending months in the city.

#### PRESENTATION OF COLORS

The column of the 156th battalion will be presented on Tuesday afternoon next in the city square, at 1:30 and the public are invited to witness the ceremony. If the weather permits, however, the ceremony may be conducted in the cricket field. After the colors have been presented and presented to the representative of the 156th they will be taken to St. Andrew's Church, and the ceremony of knocking at the door and asking in the name of the 156th battalion that the colors be admitted and preserved until called for by the battalion, will be carried out. The band of the 156th battalion, and the band of the R. C. M. A. if in the city will take part, together with all troops now stationed in camp and city. Captain McKenna, garrison adjutant is arranging the details of the presentation.

#### ACCOMMODATING ARTILLERY

At the end of the month, the R. C. M. A. will return from Patuxent to Kingston, and the artillery brigade will also return to the city. The strength of the artillery batteries has been increased by the military authorities from 195 to 200, which will make an artillery brigade with ammunition columns and 1,000 troops along with recruited to strength. The artillery will be quartered in Dry Dock barracks, but this place will not be able to accommodate the whole of the brigade, and some other places should be secured at once. Unless there is accommodation in sight within a few days, Gananee and Niagara will be offered a battery each. These places could accommodate a battery without difficulty, just as they accommodated a full company of the 86th and 95th battalions last winter.

#### "I WANT THAT 157TH GOAT"

**Little Brookville Correspondent**  
**Writes Appeal—Has a brother in the 156th.**  
(Kingston Writer)  
For the benefit of readers who have dreams of becoming the proprietor of the goat, formerly mascot of the 156th battalion, it might be said that the animal is now in possession of the camp caretaker, who is an expert watchman, especially of goats. Therefore even Master T. V. Mallett, 39 Queen street, Brockville, is to be disappointed, much as we would like to have him present to the city correspondent. He writes to the White as follows:

"Was reading in your paper about the mascot of the 156th Battalion went to a home. If he has not got out by this time you could send him to me as my brother was in the 156th, and has gone overseas. I would like to get him for a keepsake. If you send it I will pay for it and of the line." By replies that have been received "Billy" can rest assured *White Reader* will never have odd animals.

## DEATH NOTICES

RAWLINSON—In Belleville, Oct. 26, 1916. William James Rawlinson, 231 Front Street, Saturday afternoon, Oct. 21st at 3 p.m. Services at 12 noon, 223 Somerset in the little city cemetery.

CITY HALL DECORATIONS ARE NOW COMPLETED

Mrs. Cecil Atkins and daughter of Belleville, who were awarded the contract of painting and decorating the interior of the City Hall, have completed the work. It is certainly a most creditable piece of work. When the hall has been cleaned up and provided with chairs, it will present an attractive appearance.

There are 18 panels in the ceiling, and these have been painted in an ivory blend with gold leaf on the border of the panels. The beams and cornices are painted in old ivory. Five feet of the top side walls are painted a beautiful color and the bottom side walls to a depth of twelve feet are painted in green. The result is a most pleasing effect.

SPRIT OF BRITISH IS NOT CHANGED

(Ottawa Press News)

Dr. James W. Robertson, president of the Ottawa Red Cross Society, has returned home after a trip to England, in which he had ample opportunity of noting conditions in the military camps.

There is no great lack of Red Cross service. Outside of their own work the Canadian Red Cross gives 100 cases of hospital supplies every month.

Results of Organization

It was particularly of the work of the Canadian Army Service and the Red Cross Association that Dr. Robertson spoke. The order, sanitary arrangements, cleanliness and health of the men are not there, but a few results of the work. It is the result of a thorough organization.

The hospitals of from 800 to 1,200 beds each are models of order and neatness. One morning while I visited near there had just arrived 500 patients from the front. The doctors and nurses are the outstanding ones. The hospital ships also have a reputation for efficiency.

The Red Cross Society is the backbone of the military medical profession. The military authorities provide and do not neglect Dr. Robertson.

### CHILDHOOD AILMENTS

Childhood ailments in most cases  
come through some derangement of  
the stomach or bowels. Baby's Own  
Tablets have been proved by discov-  
eries of modern to be the greatest  
Bottling Tablets for the cure of these  
ailments, simply because they regulate  
the bowels and sweeten the stomach.  
Concerning them Mrs. Napoleon Lam-  
bert, St. Isaac, Que., writes: "Baby's  
Own Tablets are an excellent  
remedy for childhood ailments, and  
the Tablets are sold by medicine de-  
partments of all druggists. I can't say  
too much of them, as I can't say a lot  
from The Dr. Williams Medicine Co., Brock-  
ville, Ont."

### AWARDED MILITARY CROSS

The Rev. W. E. Kidd, who went  
overseas as Chaplain of the 21st Bn.,  
has been awarded the Military Cross.  
He brought in four wounded men un-  
der a heavy fire, and with Capt. (Rev.)  
Thompson dug the graves and buried  
140 men. All the help they had were  
the shells dropping around them, mak-  
ing holes in the earth. Before leaving  
for the front, Rev. W. E. Kidd was  
vicar of Napton, and was succeeded  
by Rev. J. H. H. Coleman, formerly  
rector of St. John's church, Brixton.

### Card of Thanks

Mr. and Mrs. C. W. Cook and family  
desire to express to their many  
friends, their sincere thanks in their  
recent loss bereavement.

### OBSEQUES.

ELIZABETH GRACE BOYLE  
Many were yesterday afternoon in  
attendance at the obsequies of the  
late Elizabeth Grace Boyle, of this  
city. At the funeral's residence,  
Charles Street, services were con-  
ducted by Rev. R. C. Currie, pastor of  
John street Presbyterian church. The  
officiated at the interment at  
Bellefleur cemetery. The floral trib-  
utes were many, and most beautiful  
in design. The bearers were Gordon  
Robertson, Edwin Vaulkville, Mr.  
Arthur Hill, Ernest Taylor, Karl Van  
Allen, and Bruce Currie.

### TO QUICKLY RELIEVE SORENESS AND INFLAMMATION

Rub in a few drops of Absorbine, Jr.  
It is surprising how promptly it pen-  
etrates and acts—how clean and clean-  
ing it is to use and how economical,  
because only a few drops are neces-  
sary to do the work.

In addition to being a powerful  
stimulant, Absorbine, Jr., is a safe,  
powerful, instantly antiseptic and an-  
tipyretic which doubles its efficiency  
and its use.  
When applied to cuts, bruises, and  
swells, it kills the germs, makes the  
wound aseptic, cleans and promotes  
rapid, healthy healing. It relieves pain  
and inflammation promptly. Swollen  
joints, inflamed varicose veins, and  
other painful enlargements yield rapidly  
to the application of Absorbine, Jr.  
Absorbine, Jr., is sold by leading  
druggists at 15¢ and 10¢ a bottle, and  
also direct postpaid.  
Largest retail bottle postpaid for 19  
cents in stamps. W. F. Young, P.O.P.,  
207 Lyman St., Montreal, Canada.

## A Money-Saving Bottle

A Bottle of Bovril in the kitchen will cut  
down butcher's bills. It enormously in-  
creases the nourishing value of food—in fact, its body-  
building powers have been proved to be twenty times  
the amount taken. It must be Bovril.

# McLAUGHLIN SIXES

THE 1917 SERIES ARE REFINED AND IMPROVED IN DETAIL  
ALTHOUGH UNCHANGED IN GENERAL DESIGN

Now in their third season of successful performance, McLaughlin Six-Cylinder pleasure cars have won and are holding, among Canadians, an enviable reputation for Power, Efficiency, Comfort and Beauty.

Designed and constructed in Canada by Canadians for Canadian motorists, McLaughlin Six-Cylinder cars give their satisfaction under Canadian climatic and highway conditions than the average automobile.

The mechanism and comfort of the McLaughlin Six-Cylinder Standard Cars—make them the inevitable choice of men and women who drive for pleasure.

With abundant power—vibrations less, flexible and easily controlled—the minor creaks on the wheel can enjoy all the pleasure of motoring to the full without anxiety.

McLaughlin Sixes are dependable cars and are SAFE cars to operate.

# Recording Meeting at the Opera House

Continued From Page One.

There are four families who live there and three and four sons and but two in the house. It is our country, and it is worth while fighting for. Canadians at the front are fighting history to live by their heroic deeds. The Germans are afraid of the Canadian. The boys at the front are looking for the (squeaky) squeaky gun. You are wanted at the front to please them, who have not lost their duty. They are crying from the trenches for men to come over and help them. The boys are coming, and the British will come, when the British will enter Berlin with the Canadian flag flying. The fighting and for everything. What a glorious day that will be. The young men of Belleville are not cowards, but there is something wrong. The war is not over yet. We want the young men of Belleville to join the 253th Battalion, and they will get a regular deal. (Applause.)

At the conclusion of the address upon invitation for recruits, two men stepped forward, and expressed their desire to join the 253th Battalion, and they will get a regular deal. (Applause.)

The meeting closed with a selection of songs, and the speaker, Mr. J. H. Marshall, left the hall.

# Sunlight Soap

There is pleasure at every stage in the use of Sunlight. In the washing—for the work is really lightened.

In the rinsing—for the clothes have such a fresh, sweet air of newness. In the wearing—for the clothes have inherited the exquisite purity of Sunlight itself—and are clean indeed.

A \$2.5000 great value for the purity of Sunlight Soap. All grocers sell it.
